

RAO NEWSLETTER #2022-10 - Price Your Medications Through Your Express Scripts Account

With the **Price a Medication tool**, you can find the best value for your drug.

Did you know that the out-of-pocket costs for your prescriptions may be lower at a local pharmacy than your copayment? Find the best value for your drug with the Price a Medication tool using your [Express Scripts account](#).

Whether you fill your prescriptions at a local pharmacy or have them delivered, you can use the Price a Medication tool to price a drug and find the best value for you. All you need is the drug name, strength, and a ZIP code to compare prices at nearby pharmacies. Your search results will show your pharmacy options, drug coverage details, and pricing for a 30- and 90-day supply of your drug.

Not to be confused with the Formulary Search Tool, you can find the Price a Medication tool by logging in to your online Express Scripts account at www.militaryrx.express-scripts.com. Once you're logged in, navigate to the "Prescriptions" menu and select "Price a Medication".

You can also find the tool through the Express Scripts mobile app. Just navigate to the "More" menu and select "Price a Medication".

We're proud to serve our military population and their loved ones. To learn more about your TRICARE pharmacy benefit, go to www.tricare.mil/pharmacy.
